**When you embrace the concept of "All My Relations" how you view the world and all it contains changes.**

We discovered early in our lives that we are surrounded by many life forms as well as things that are viewed as inanimate. From diverse beginnings on the rolling prairie of southern Saskatchewan and a ravine full of wildlife in the middle of Toronto we discovered amazing similarities. We are not alone and there is no separation or duality. There is instead a great oneness of all life and we need to communicate one to another.

***"We share this world with many other souls who incarnate in a variety of bodies"***

We all have the ability to communicate. Not just with others of our "own kind" but with all that is, with "All My Relations."

"All My Relations" is a First Nation's concept that expresses our connection to all beings of the earth. Not just our families, or humankind, but all people, animals, birds, fish, reptiles, plants, rocks etc. In short, we are related to all that exists. When you embrace this concept how you view the world and all it contains changes. You begin to interact with everything as if they were "Family".

We are not superior beings with "Dominion" over the land and animals. We are simply beings who chose to incarnate in human form rather than some other.

"How do we communicate with these other beings?" you might well ask. It's not as difficult as you might imagine. We believe that we all "come in" with these and other abilities. We lose them because our society frowns on such activity. This workshop will put you back in touch with these natural telepathic abilities. You will be shocked, surprised, amazed and delighted in

turn as these re-discovered abilities are set free once again.

We live in a quantum world where all possibilities and all potentials exist simultaneously. This workshop will give you the opportunity to contact and dialog with all species.

How will that expand your life? Your life will begin to truly have "No Limits" and you will begin to step into the life you were meant to live.
