When you realize that you are really on a "journey of the spirit" your perspective changes.

We are not Human Beings having a Spiritual Experience, but Spiritual Beings having a Human Experience. This life is a journey through the physical with all of the lessons that come with travelling in a physical, human form.

We can learn to deal with these experiences on an energetic level. This makes the journey infinitely easier and the lessons more immediately understandable.

"Recognize that the journey of the spirit is more important than the journey of the body."

We live in a society that prepares us from childhood to fall in line, don't ask questions, be good citizens, pay our taxes and all will be well. We entrust all that is sacred in our lives to others with the expectation that they can care for what we hold dear better than we can. Think of how that limits the flow of our lives.

Does it have to be like that? The answer is no.

"The Journey" is part discourse, part interactive discussion and sharing and part workshop. There are a number of topic areas that are incorporated.

Some of these are:

- The Energy of Money
- Scanning
- Intuition
- The Energy of Business
- Energy Fields
- Connecting with Spirit
- Living in Eternity
- Shifting Energy
- Asking for Help
- Build Your Intuition
- Intuitive Parenting
- Connecting with Your Guides
- Angels Among Us

- Reading the energy around you
- The Flow
- May Your Spirit be Strong
- All My Relations
- Spiritual Love Connection
- Connecting with the Divine
- Your Healing Path
- Opening Up to "Love and Spirit"
- Living in Two Worlds
- Dancing in the World of Energy
- Finding your Vibration.

This is about the spiritual journey in a physical world. When you learn how to deal with these lessons on an energetic level your "Journey" will truly open for you and you will begin to live "Your Life with No Limits."
